Backstory

Willie was a regular anthro dog living with his younger brother named Chester until they both got lost and got kidnapped by a group of people when he was 18. There, they were both experimented on daily, turning into a dog/dragon hybrid, with dragon horns, dragon wings, dragon tail, and a tougher body than normal. Both he and his brother escaped, but not without seeing Chester as a feral dog who can no longer walk or talk. Willie feels really bad for this and wishes he can find a way to reverse it.

Abilities

Communication

Willie is able to communicate with many feral land animals. This includes dogs, cats, rabbits, and others. He uses this ability to communicate with Chester every single day. Willie has also used this to communicate with a few feral cats on occasion and is friends with a few feral cats.

Fire breathing

As part dragon, Willie is able to breathe fire. Willie still needs practice in this though and isn't able to create big flames or make them last a long time, but he is able to use fire breathing to defend himself.

Dragon speak

Because Willie is part dragon, Willie can read, speak, and understand several dragonic languages. This makes him useful as a translator for some ancient and lost languages.

Strengths

Willie is really intelligent, as he is both book smart and street smart. His dragon like body makes it really hard to damage or penetrate and he can also dodge quick attacks on his own, meaning he is really good at defending himself against enemies. Willie's dragon tail is a bit sharp and he can use it to temporarily stun people, usually 5 minutes, giving Willie plenty of time to think his options.

Weaknesses

Willie doesn't seem to have any dragon abilities. Although he has dragon wings, he cannot fly with them (He did try though). He also cannot fight. He can throw some punches, but he is not good at that and doesn't want to do it, so he often runs instead if he faces off against more stronger opponents. He straight up freezes if he sees his brother harmed or threatened and straight up gives up when he is threatened. Willie is also really easily hypnotized.

Relationship with Chester

Willie and Chester are brothers who are loyal to each other and will do whatever it takes to protect each other from harm.
