-- [Miruna, GLACIALBOUND Episode 1]

Miruna Swiftfable ( mih-roo·n·uh swift fay·bl ) is the deuteragonist of the Webcomic GLACIALBOUND. They are a hunter who hails from a mountainside village that fell to a dangerous avalanche. Barely escaping the tragedy, Miruna would eventually wander into the Hyperion Citadel; A city that is home to humanity's last survivors. Through pure happenstance, Miruna came into contact with [Mirren](#), and the rest is history.

## Backstory

After getting acquainted with the city life, Miruna has found passions for traditional human experiences. Such as, but not limited to: watching old romance movies in hopes of discovering deeper meaning through subtext, texting, and eating lots of [chocolate taiyaki](#). The world is full of so many wonderful things!

Though they had gotten used to living in a cramped (barely) studio apartment, through a chance encounter, the two hunters would soon find themselves living in a luxurious lodge atop one of the highest hills, with a catch of course...

### Abilities

# Abilities

---

## Soul Slash

By combining both sickles into one larger blade, Miruna is able focus her spirit energy into a large attack.

## Spirit Shield

Miruna takes a defensive stance, focusing all their spirit energy into large near-impenetrable barrier which surrounds them.

## Soul Swing

Primarily a mobility tool. Miruna extends the ends of her sickles into a whip-like consistency, latching onto nearby surfaces and opponents. This allows for quick and reliable locomotion, as well as the ability to close the distance between enemies.

# Strengths

---

Being born a catperson, Miruna naturally has higher agility than most people. She's able to run quickly, flip if needed, leap off of walls, and slice through foes with her sharp nails when the gloves come off.

# Weaknesses

---

While not exactly physically weak, compared to hunters she hangs around; She doesn't exactly hit the hardest of the bunch. Miruna's light-hearted personality + airheaded tendencies may very well set her back in some ways.

Miruna's hair was always supposed to be curly and wavy and flowy and beautiful, I think I just have a hard time drawing it. Idk what else to put here honestly!!!!
