Why is broseph here?

Mory comes from a different dimension. He crosses into this one out of what he calls "a quick inspection."
(tomfoolery will ensue)

It seems he's interested in helping Reno in his endeavors (having info on competitors, *when he feels like it*) for the price of curing his boredom.

Personality

Very chill and laid back. He wishes not to attract any attention, especially God Eater's, or interaction with others other than Reno (usually lurks in the shadows/disguises as one's shadow). If he does appear, it's probably messing around with some sorry sap, chiming in randomly about his current hyperfixation, or just laughing about some unfunny meme he thought about. He loves to push people's buttons for the thrill of it, seeing what really makes a person tick. He's a weird butt face with the worst sense of humor ever conceived. But, perhaps, there might be more than meets the eye.

Despite *seeming* villainous, Mory emphasizes that he has no intent on doing any dubious villainy.
