# Parsec

## He/Him.

- A drone created by Hikaru that acts as the camera on his chest.
- Always records footage of Hikaru's ventures via the chest's POV.
- Actually grew to have sentience, but is not a fighter.
- His ears serve as bladeless fans for cooling.
- Runs on Viralium (Energy run by fame. Only carried thanks to Hikaru's video archives.)

(Art By Me)

## Author's Notes

The reasoning for naming Hikaru Hoshi is simple. It's a translation for Shining Star and that's what Hikaru longs to be again.
