## Backstory

Corey's exact origins are unknown and subject to many theories and speculation. Some say he was injured in a war while others say he volunteered for an experiment. Regardless, he was found in a stasis pod and was freed from stasis shortly afterwards, being a pretty young fellow as well. He wondered around from place to place until he found Willie and Sheri, who shared a deep bond and friendship, with Corey joining Sheri's pirate crew and managed to find a found family. However, something happened which resulted in Willie leaving the crew.

## Backstory

Sheri was born on a pirate ship and raised by a pirate crew. It was there where Sheri learned the ways of the pirates and quickly rose the ranks to become one of the youngest pirate captains anyone has ever seen. It was good for a while until Sheri's pirate ship was attacked. Despite fighting hard, the ship sunk and her entire crew went missing. Sheri was found on the beach severely injured, without an eye, and in a coma of sorts. She was put in a stasis tube so that she can recover. After getting out, she learned that she had gained new powers. Using these powers as well as her skills gained on the pirate ship, she managed to hold her own against many new threats and even managed to form a new crew, even though there was no ship this time.
